

THE BEST GARAGE SALE FINDS

1

Do Your Research

Find listings in your local newspaper or search 'Garage' and 'Yard' sales online on Facebook or Kijiji. If you have items to sell yourself, consider messaging your neighbours to see if they'd be interested in a 'joint' sale.

2

Set Your Budget & Security

Withdraw a set amount of cash in a mixture of small bills and coins and store it in a secure place such as a money pouch attached to your waist.

3

Plan Your Route

Start with the places farthest away from you and try to arrive a few minutes early for the best selection.

4

Get Helping Hands

Consider adventuring with a friend and renting or borrowing a large vehicle such as a truck or van - you never know what you may find!

5

Fuel Your Body

Garage sales call for long days - bring plenty of water and portable snacks to keep you energized. Think energy bars, nuts/seeds, and veggie sticks. Don't forget your sunscreen!
